Statoil Comments to EPA Draft AOC 7 24 2014 CLEAN (32834659 1).DOC

Confidential Settlement Communication, Subject to FRE 408

Sheila,

Attached please find a clean version of the draft AOC reflecting Statoil's comments.

Also, on the equipment issue, I think there is some confusion about the wellhead/equipment. I know you are planning on talking with JJ about this, and I think JJ spoke with someone at Statoil today about this as well. Please note that the wellhead itself doesn't move. If there is particular wellhead equipment of interest, please let us with as much specificity as possible. If it would help, I'm happy to speak directly with the EPA/DOJ attorneys you are dealing with on this issue.

Thanks,

Ilana
